PREMIUM-Mv2f—QUICKSETUP

Thanks for purchasing of mv2f and we allotted an account in premium server with free whats app alerts. Please follow the procedure in step wise manner.

Step:1 gprs sim activation

Take gprs activated sim with balance of rs 20 inr atleast(to know gprs activated or not install the sim in mobile and browse the websites which you not opened before if website loaded means gprs is active if site does not load contact gprs service provider. Tracker uses only 30mb/month

Recommended gprs service - airtel or idea rs 450 only per year (included with service tax) - for details call 9063 002 002. for activations plz send the printer sticker photo on whatsapp on 9063002002

Step: 2- Switching on mv2f model.

Open sim cover and Insert simcard , switch on the tracker and connect the mv2f model to battery wire and connect as per wiring instructions mentioned and you should able to see leds.green led is for gps ,blue is for gsm,red is for power, all leds should be continuous on if blink means respective problem please recheck the problem with customer support

Step3: Quick setup

From your mobile please send sms to tracker sim number.
